

A New Look, A New Way, All In A Day!

Burlington County Women's Newspaper – January/February 2006

Redesigning uses what you already have to transform your living space instantly, giving the rooms in your home a fresh new look. In fact in a recent article in USA Weekend, “*Hire a decorator for a day*” was listed as one of the top ten ways to “style your home without having to take out a second mortgage.”

As an Interior Refiner and owner of Home Stylist, LLC I help my clients transform their homes quickly, easily, and affordably and all in a day. I find my clients know what they want, they just don't know how to pull it all together. Following the principles of the Interior Refiners Network, the preeminent organization of one-day redecorators I involve my clients in the process, inform them on how to avoid the most common decorating mistakes and inspire them to realize a personal style of their own.

At the end of each session I provide my clients with a detailed list of things that need to be replaced or added to further enhance a room. Most clients choose to hire me to complete their room projects or shop with them to pick out furniture and accessories.

My one-day services also work well for individuals who are selling their home. I offer my clients a peace of mind and make moving less stressful for them by offering design tips and recommendations to maximize a home's appeal to potential buyers. For those individuals who have just moved into a new home or are downsizing I help them with choosing an interior color scheme, and creating a design plan which pulls together colors, fabrics and furnishings.

Clients tell me they like the direction I give them. By avoiding costly mistakes and uncertainty, I save them time and money. In the end my services pay for themselves. A recent testimonial sums it up best, “*I am absolutely convinced that my house would not have sold as quickly, nor for nearly as much without Sandy's touch. Don't wait - do it now! The difference Sandy can make is truly amazing -you'll fall in love with your house all over again!*”
